

CATHOLIC
COMMUNITY SCHOOLS

One-Time Opportunity!

The Richard M. Schulze Family Foundation (RMSFF) was created in 2004 by Best Buy founder, Dick Schulze. Schulze and his family believe that a good education, a supportive family and a strong work ethic prepare children for a successful future. This is a one-time challenge and is by invitation only. This year, all CCS elementary schools have been invited to participate! It is a true challenge; each school must individually raise \$25,000 to receive the \$25,000 Schulze grant. If a school does not raise the full \$25,000, they won't receive anything from the foundation.

How Your Gift to SEAS Will Be Used

St. Elizabeth Ann Seton plans on using funds raised from this challenge to update science and religion curriculum and provide professional development for science and religion teachers.

Additional funds will be used to renovate a classroom into a chapel and purchase furnishings, seating, and a crucifix for this space since there isn't a church physically attached to our school building that we can use.

We are looking forward to enhancing the education and faith formation experience of our students through these updates and improvements!

St. Elizabeth Ann Seton is excited to have been invited to participate in this challenge. Help us succeed so we don't leave this generous \$25,000 match on the table!
